## 01 PROFILE

Passionate technologist with a MSc in Computer Science and soon MSc in Industrial Economics. Comfortable learning quickly and taking on responsibility as reflected in leadership positions in student organizations.

## 02 EDUCATION

Aug 2019 — Jun 2024

### NTNU

Trondheim

Industrial Economics and Technology Management Integrated Master's

(BS+MS). Strategy, innovation, and international business development as the main profile (Major). Computer science and AI as a technology specialization (Minor). Writing thesis about responsible AI innovation.

Aug 2017 — Jun 2023

### NTNU

Trondheim

Computer Science Integrated Master's

(BS+MS). I specialized in Artificial Intelligence and wrote my thesis about large language models. Exchanged to EPFL Switzerland autumn 2021 and Sapienza Roma Italy spring 2022.

## 03 INTERSHIPS

Jun 2023 — Aug 2023

### Intern at NBIM

Oslo

Short-term equity (stock) prediction using machine learning. Improved the performance and efficiency of modeling and the validation processes.

Jun 2021 — Aug 2021

### Customer Success Intern at Cognite

Oslo

Created a customer journey map for the on-boarding process and helped with the technical optimization of the product.

Jun 2020 — Jul 2020

### Developer Intern at Mnemonic

Oslo

Created data pipeline for tracking customer metrics.

Jun 2019 — Aug 2019

## Developer Intern at Buypass

Oslo

Made prototypes showcasing passwordless authentication.

## 04 EXTRA-CURRICULAR ACTIVITIES

---

Aug 2023 — Present

### Research Assistant, NorwAI

Trondheim

Research assistant working with the Norwegian large language model, NorGPT.

Sep 2022 — Present

### Full stack developer, Wiseline

Trondheim

10 hour/week development in React, Django, and PostgreSQL on an electricity grid analytics platform for optimizing inspection and maintenance of power grids.

Sep 2020 — Present

### Member, Effective Altruism NTNU

Trondheim

Doing projects and conversations on how to optimize for good.

### Chairman, The ISFiT Foundation

Trondheim

The foundation governs the ISFiT festival. Led the foundation's meetings and work regarding long-term considerations for ISFiT and the Students' Peace Prize.

Sep 2019 — Jun 2021

### Board member and section leader, ISFiT 2021

Trondheim

Part of managing ISFiT 2021, the world's largest international student festival, with 500 student volunteers. The festival consists of meetings, dialogue groups, and workshops, as well as a broad cultural program. In addition, ISFiT is responsible for awarding the Students Peace Prize. I led the Organizational Resources section, which managed the teams: Economic Management, Finance, IT, HR, and Internal Events.

Jun 2019 — Jun 2020

### Chief of Software , Revolve NTNU

Trondheim

Led a team of 6 developers focusing on Revolve's proprietary analytics software which is used to communicate in real-time and in post-analysis with electric and autonomous Formula Student racing cars.

Jun 2019 — Mar 2020

### Deputy chairman and co-founder, NTNUI Chess

Trondheim

Founded the university sports team chess club.

Nov 2018 — Sep 2019

### Startup developer, Goalkeeper/Steady

Trondheim

Developed a product (MERN stack) for a startup whose business model was the gamification of workout goals with other participants.
